By Rémi Brague : The Wisdom of the World: The Human Experience of the Universe in Western Thought
western philosophy is the philosophical thought and work of the western world historically the term refers to the

philosophical thinking of western culture introduction to buddhist understanding of wisdom; including the ultimate reality of emptiness The Wisdom of the World: The Human Experience of the Universe in Western Thought:

When the ancient Greeks looked up into the heavens they saw not just sun and moon stars and planets but a complete coherent universe a model of the Good that could serve as a guide to a better life How this view of the world came to be and how we lost it or turned away from it on the way to becoming modern make for a fascinating story told in a highly accessible manner by R eacute mi Brague in this wide ranging cultural history Before the Greeks
