By Martin Heidegger : Identity and Difference most people use identity theft and identity fraud interchangeably to describe the same crime but there are very important differences between the two terms Identity and Difference:

10 of 12 review helpful Only a god can save us now By benjamin For the majority of people it is the second of the two essays in this volume that will compel them to buy Identity and Difference Both essays however are about the nature of metaphysics and given that the very possibility of metaphysics is a hot issue today readers will likely find themselves benefitting by giving both essays a deep reading The book Identity and Difference consists of English translations and the original German versions of two little known lectures given in 1957 by Martin Heidegger The Principle of Identity and The Onto theo logical Constitution of Metaphysics Both lectures discuss the difficult problem of the nature of identity in the history of metaphysics A helpful introduction and a list of references are also provided by the translator Joan Stambaugh
