Story of Everything:

1 of 1 review helpful Closure an excellent solution for now By Marcos R Sousa Closure is not a story with new facts It s a new way to tell the same story It assumes that we cannot grasp the whole the reality the world The whole is called openness Openness is not a thing We cannot grasp it What we have achieved is to perform closures of perception and language Our perceptions are limited by our body We can For over 2000 years our culture has believed in the possibility of a single true account of the world Now this age is coming to a close As a result there is a deep unease We are lost both as individuals and as a culture In the new relativistic post modern era we have no history no right or moral action and no body of knowledge In their place is a plethora of alternative and sometimes incompatible theories from fuzzy logic to consilience proposing a theory Hilary Lawson shows himself to be a latter day metaphysician on the grand scale a quite astonishing achievement Alan Montefiore University of Oxford About the Author Hilary Lawson runs
