2 of 2 review helpful A Visionary Writer By Frank A Green AKC is amazing Much more than an Indianologist he can
give you a true understanding of many important things Ananda K Coomaraswamy 1877 1947 was a pioneer in Indian
art history and in the cultural confrontation of East and West A scholar in the tradition of the great Indian grammarians
and philosophers an art historian convinced that the ultimate value of art transcends history and a social thinker
influenced by William Morris Coomaraswamy was a unique figure whose works provide virtually a complete
education in themselves Finding a universal tradition in past cultur There are many who consider Coomaraswamy as
one of the great seminal minds of this century This selection of his papers should go into every library Kathleen Raine
