band or society of brothers among Eros and the Mysteries of Love: The Metaphysics of Sex:

11 of 13 review helpful disturbing but thought provoking By cxlxmx I agree with the other reviewer There are disturbing parts to this book For example Evola s take on the Marquis de Sade is that the Marquis was bad not for what he promoted but because he didn t actually live the type of life he describes I guess I just don t buy into Evola s underlying metaphysical scheme It is important to note that this book is n A comprehensive work on the metaphysical aspects of sexuality Julius Evola sheds new light on the mystical and spiritual expression of sexual love This in depth study explores the sexual rites of sacred traditions and shows how religion mysticism folklore and mythology all contain erotic forms in which the deep potentialities of human beings are recognized Invokes the rich sexual symbolism of religious myths and mysteries throughout history from the I Ching to the Kabbalah to illustrate the redemptive power of the sexual act Los Angeles Times Language Notes Tex
