7 of 12 review helpful Get The Real Message By DoveHolly This is a good book in that a reader can get a clearer idea of who Bruce Lee was One reviewer was quite rude and unfair to Bruce Lee took offense to the man as though he had written the book Bruce Lee s writings were made into a book Bruce Lee did not write nor construct the book So appreciating that fact it s fair to say that a reader gets a pretty good idea as This is the book that Bruce Lee had intended to publish as an in depth follow up to his Chinese Gung Fu Prior to his death he had written the majority of the text which explores such topics as yin yang as it applies to martial arts Eastern and Western fitness methodologies and studies of martial arts and self defense techniques Also included is Bruce Lee s Gung Fu scrapbook of anecdotes on the histories and traditions of the various martial arts of China Th A wonderful book at times even fascinating that not only reveals the depth of Bruce Lee s thoughts on the higher purpose of the martial arts but also serves as a wonderful introduction to the way of gung fu mdash Martial Arts Legends blog
