**By Christopher P. Holmes : God, Science & The Secret Doctrine: The Zero Point Metaphysics & Holographic Space of H. P. Blavatsky** God, Science & The Secret Doctrine: The Zero Point Metaphysics & Holographic Space of H. P. Blavatsky:

2 of 2 review helpful A Step in the Right Direction By Amazing Customer This book is the direction I feel much of SOURCE theosophy should be heading now that we have so much information on quantum physics available to us The book contains a plethora of quotes from the SD and Stanzas and attempts to apply newer science of today with what Blavatsky said over 100 years ago While it could be better I hope this book sets the Deity is in every point of the universe H P Blavatsky S D 1888 p 114 the Secret teachings must be contrasted with the speculations of modern science To make of Science an integral whole necessitates indeed the study of spiritual and psychic as well as physical Nature Without metaphysics real science is inadmissible H P Blavatsky s The Secret Doctrine was published in 1888 and is relatively unknown in modern times As i About the Author Christopher Patrick Holmes was born in Sussex England on October 7 1949 and raised in Ontario Canada He graduated with a B A from Carleton University Ottawa in 1971 and a Ph D in clinical psychology from the University of Waterloo in 197
