By Patrick Harpur : Daimonic Reality: A Field Guide to the Otherworld Daimonic Reality: A Field Guide to the Otherworld:

4 of 4 review helpful Clearly things up By jimmer what a scholarly and fascinating take on the things that go bump in

the night skies and lands when the ufo high strangeness phenomenons are analyzed by this author it all becomes clearer understandable and consumable his conclusions are far from the popular meme this read is highly recommended how did I hear about it from a dr john e mack I Lake monsters yetis UFOs crop circles guardian angels and visions of the Virgin Mary can all be described as apparitions and Patrick Harpur weaves together an account of them in this book He argues that only in the last three centuries or so and only in Western culture have such sightings become discredited In popular mythology they are as active as ever though spaceships and aliens may have replaced the Land of Faerie and its inhabitants Drawing on Jung s Today s Books rates this book a MUST READ Today s Books September 2004
