philosophy of mental illness the philosophy of mental illness is an interdisciplinary field of study that combines views and methods from the philosophy of mind responsibility we evaluate people and groups as responsible or not depending on how seriously they take their responsibilities often we do this informally via Free Will and Reactive Attitudes: Perspectives on P.F. Strawson's 'Freedom and Resentment':

The philosophical debate about free will and responsibility has been of great importance throughout the history of philosophy In modern times this debate has received an enormous resurgence of interest and the contribution in 1962 by P F Strawson with the publication of his essay Freedom and Resentment has generated a wide range of discussion and criticism in the philosophical community and beyond The debate is of central importance to recent developments in the fr This is an outstanding collection P F Strawson s Freedom and Resentment is one of the most important and influential papers in the debates about free will and moral responsibility It is thus very helpful to have Strawson s paper published together with an
