1 of 2 review helpful Zen in the Art of Flyfishing By Martin Gonzalez An interesting read I thought it would have some how to hints like other zen and Books I would recommend on reading it on e and passing it on to a friend Surprised by the signed copy I received even though I purchased as a used book The art of fly fishing is inherently a spiritual practice This book explains the how and why Zen is not philosophy nor is it mystical It is simply direct action in the present moment Learn how this incredible adventure can transform your life and society as well Fly Rod and Reel magazine calls Henry a haiku master His work has appeared in Popular Photography Petersen s Photographic and National Geographic Traveler Any and all profit from the sale of this
