Burtt : The Metaphysical Foundations of Modern Science principles in physics principles of the wave structure of matter albert einstein on phycsis metaphysics from the metaphysics of space and motion rather than access imu offers a variety courses in metaphysical fields including holistic health and energy healing consciousness studies

psychic development and paranormal The Metaphysical Foundations of Modern Science:

To the medieval thinker man was the center of creation and all of nature existed purely for his benefit The shift from the philosophy of the Middle Ages to the modern view of humanity's less central place in the universe ranks as the greatest revolution in the history of Western thought and this classic in the philosophy of science describes and analyzes how that profound change occurred A fascinating analysis of the works of Copernicus Kepler Galileo Descartes
