By Thich Nhat Hanh : Looking Deeply: Mindfulness and Meditation looking deeply has 15 ratings and 2 reviews suzy said its amazing to read his books and even more to hear his voice these are talks given at retreat get this from a library looking deeply mindfulness and meditation nht hnh thch looking deeply is a selection of talks by vietnamese buddhist monk Looking Deeply: Mindfulness and Meditation:

3 of 3 review helpful Modest Profound By Joseph Duemer I ve spent a lot of time in Vietnam so I am perhaps biased toward an appreciation to TNH s form of zen I even like the low production values of the recordings obviously made with simple equipment TNH s voice comes through though calm and humorous If you are a student of Buddhism you ll find these talks invigorating and if you are not a student of Buddhism but In Looking Deeply recorded during meditation retreats in North America in 1987 the author delivers in his own words the Buddha s insights into the interconnectedness between everything within and around us Thich Nhat Hanh s call for compassion and forgiveness based on the realization of Interbeing is especially compelling in this time of economic political and emotional upheaval
