0 of 0 review helpful Great book if interested on the subject of our relationship with nature By JOSE OYOLA  
CORTES The book tries to explain how the development of consciousness in the human mind separated our  
relationship with nature and how death and its effect on social life contributed to said factor The book I feel is more of  
an introduction but it is a great read nevertheless How did humans perceive life the world and one another a million  
years ago How was it different from the way we perceive life today What does a million years mean in a time when  
there is no time Two dimensions mdash primitive and civilized mdash collided in prehistory causing chaos to the  
primitive world we call Earth In Forbidden Dimensions psychologist C G Browne argues that ancient humans were  
innately constructed not to change and that the concept of dev
