society including patterns of social relationships social interaction and culture it is a social science that uses various
The Primacy of Movement, 2nd Expanded Edition (Advances in Consciousness Research):

4 of 4 review helpful A GENTLY BRILLIANT ACCOUNT OF MOVEMENT AND LIFE By John C Fentress As an ethologist student of animal behavior I am delighted and enthralled by this wonderful volume For me it extends beyond human movement but touches in valuable and insightful ways upon the theme of movement throughout the animal kingdom Movement is animal as well as human life at its core Movement joins us with the outside w This expanded second edition carries forward the initial insights into the biological and existential significances of animation by taking contemporary research findings in cognitive science and philosophy and in neuroscience into critical and constructive account It first takes affectivity as its focal point elucidating it within both an enactive and qualitative affective kinetic dynamic It follows through with a thoroughgoing interdisciplinary inquir
